

QUALITY POLICY

The Managing Direction of **SELI S.r.l.** declares that the quality management system is designed to meet the main requirements of the corporate quality policy, which is based on the followings strategic objectives:

- 1. Provide efficient services to customers about their needs and expectations;**
- 2. Work in an environment whose purpose is to give the best service possible, with an adequate, involved and skilled staff oriented to the continuous improvement and identification into the SELI brand;**
- 3. Make a target choice of suppliers, that most of the time are real partners, which shall be effective not only on the quality of the products supplied but also on support services (transport, payment terms, commercial protection, etc);**
- 4. Operate in different markets, in this sense, having a quality management system that in a globalized market, allow to don't have any territorial limitations on the SELI service supply;**

The quality policy above described shall be communicate to all the company employees in order that all can get benefits in terms of personal motivation and business growing. His comprehension is verified during the internal quality audit.

It also communicated and shared with all stakeholders SELI.

Yearly the SELI Managing Direction review the quality policy and analyse it in order to constantly verify its appropriateness
